

# *Environmentally friendly goods* "Environmentally Friendly" Toilet Cleaning Item

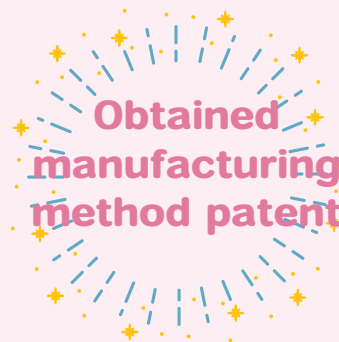

## What is Benkosu?

*Ethical products*  
"Bekosu" is a new toilet cleaning item made from 100% pulp, which can be placed in a pouch or bag for portability and is "environmentally friendly."

Obtained  
manufacturing  
method patent

## Compact & Slim ✨

Since only paper is bound, the weight is almost imperceptible. The length is 10 cm! Very slim! You don't mind putting it in your bag or leaving it indoors.

*Compact & Slim*

Review Score: 4.32 ✨

Received high ratings in online shop reviews.

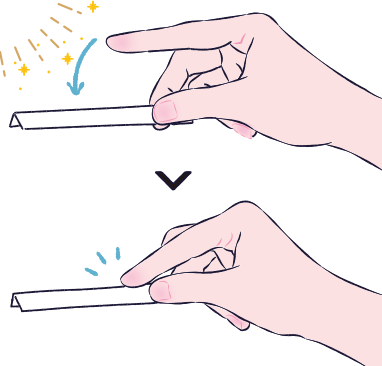

"When out, it's great to have this on hand to clean the toilet, making it an ethical product that can be easily carried."

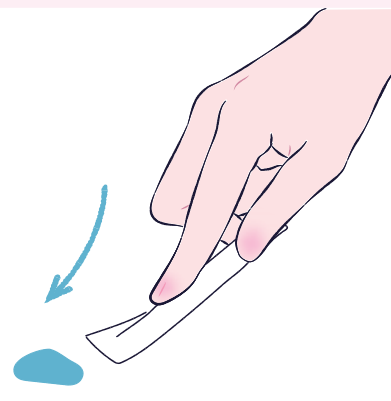

"Not only for carrying around, but it can also be used for regular cleaning. It's helpful when you don't want to bring out the cleaning tools."

## How to use

**STEP1 Hold it correctly.**

Hold Bencos with your thumb and forefinger, aligning it with the crease of your index

**STEP2 Wipe off the dirt.**

Wipe the dirt with the surface. Please use the surface for wiping.

**STEP3 Flush it.**

Simply flush it down the toilet after use!
